

RAP Freedom

1.vers

There are many people, whose lives are not good enough
they want to be like us
they need somebody to trust
they have a fucked up boss
and they cry
because they can't buy
we can see tears, from your eyes
A little black boy wants to have a television in his room
So he can sit down and watch cartoons

Freedom is for everybody
freedom we need it - everybody
freedom come on - everybody
give them freedom

2.vers

Their lives are no good
they want to be like us, if they could
they live in a fucked up hood
they live in the hot sunshine
and stay hungry from time to time/
They keep on falling, and no one can hear them calling

2# Freedom is for everybody
freedom we need it everybody
freedom come on everybody
give them freedom

Lavet af: Mohamed, David, Mathias, Jesper 8. & 9. årgang i forbindelse med fokus-dagene i september 2006. Emnet var "freedom" og opgaven var at lave en rap. Drengene rappede versene og David sang omkvædet – der var musik i baggrunden.
